The Jones moved out of the city slowly behind a long line of cars, but at last they came to a quiet country road and, after some time, stopped at a lonely farm. They had brought plenty of food with them, and they got it out of the car. Then everything was ready, so they sat down near a path at the foot of a hill. It was very peaceful in the cool grass until they heard bells ringing at the top of the hill. What they saw made them pick up their things and run back to the car as quickly as possible. There were about two hundred sheep coming toward them down the path !
