Many of you will be pleased to learn that management has decided to convert our basement offices into a nursery/ day-care center. Hopefully, this will ease the burden of employees who have recently had children. Due to the large numbers of names on the sign-up sheet, only those children whose parents are both working will be eligible for the service. In order to defray the costs of construction and personnel, we will charge \$10 an hour for the day-care service and a flat rate of \$50 a day for the nursery service. These rates are substantially cheaper than the services offered by independent organizations, with the added benefit that parents will be in the same building as their children. Construction will begin next week. In order not to disturb you, we have instructed the construction crew to start after 4:00 in the afternoon. Please address any questions or concerns you have to the Human Department.
